

ECOLOGY, ENVIRONMENT AND CONSERVATION

VOL. 28 (Supplement Issue), SEPTEMBER 2022

CONTENTS

- S1–S8 Effect of Application Liquid Organic Fertilizer of Fruit Waste Enriched by Organic Substances to Shallot Yield
—*Lena Walunguru, Marsema Kaka Mone and Yulian Abdullah*
- S9–S13 Educational-Sociological Study on the Tradition of Fishing by Women in Ndao Island, Indonesia
—*Daud Saleh Luji and Kristian E.Y.M. Afi.*
- S14–S18 An Assessment of the Dominion Mandate of Humans: Ecological Implications of Genesis 1:26-28
—*Ira D. Mangililo*
- S19–S25 The effect of Baking on Antioxidant Activity, Phenolic Compounds, and Hedonic Value of Snack Bar Supplemented with *Moringa* Seeds
—*Eny Idayati, Kartiwan*
- S26–S30 Analysis of Mineral Content of Traditional Processed Community Salt in Kanatang District, East Sumba Regency, Indonesia
—*Umbu Paru Lowu Dawa, Dewi Setyowaty Gadi, Irwan Umbu Borang and Donny Mercys Bessie*
- S31–S37 Frequency and water supply on inerie kidney bean production in dry lowland of East Nusa Tenggara, Indonesia
—*Yosefina Lewar, Ali Hasan and Stormy Vertygo*
- S38–S42 Adding Several Types of Insect Flour to Increase the Virulence of *Metarhizium anisopliae* Local Isolates against Pests *Cylas formicarius*
—*Nina Jeni Lapinangga, Jimrift HH Sonbai and Jaqcualine Ariani Flowers*
- S43–S46 Analysis of potential water availability of the Baumata spring protected area in Baumata Village, Taebenu District, Kupang Regency, Indonesia
—*Arlindo U. S. Kette*
- S47–S51 Growth of milkfish (*Chanos chanos forsskal*) maintained in multitrophic seafarming with different water exchange systems
—*Joi Alfreddi Surbakti, Ida Ayu Lochana Dewi, Moch. Amin Alamsjah and Mirni Lamid*
- S52–S57 Competitiveness and Government Policy Implications of corn commodities in Belu Regency
—*Krisna Setiawan, M. Basri and Haryati M. Sengadji*
- S58–S65 Hydro-oceanography Profile Condition at Tunda Island Serang District Banten Province, Indonesia
—*Mujiyanto Mujiyanto, Wilson L. Tisera, Yayuk Sugianti and Sri Endah Purnamaningtyas*
- S66–S71 Production performance of fattening Bali cattle using farmer pattern in Oelatsala Village, Taebenu Sub-district of Kupang District, East Nusa Tenggara
—*Upik Syamsiar Rosnah, E.D. Sulistijo, Y.U.L. Sobang, G. Maranatha and M. Yunus*
- S72–S77 Indicators of Tuna Gigi Anjing (*Gymnosarda unicolor*) Growth Pattern on the Implementation of Sustainable Development Goals (SDGs)
—*Burhanis, Radhi Fadhillah, Zulfadhli, Edwarsyah*
- S78–S82 Local wisdom on the coast of Kupang Regency
—*Rockie R. L. Supit, Imanuel J. Emola and Jelila N. Sunbanu*
- S83–S88 Growth Analysis of Red Algae *Euचेuma spinosum* using Basket Method in Tesabela Village, Kupang Regency
—*Alfred G.O. Kase, Immanuel J. Emola and Donny Mercys Bessie*

-
- S89–S93 Water Requirements in Bean Crops Using Cropwat 8.0 in Oenoni Village Kupang District, Indonesia
—*Lano M.L. and J.J.S. Dethan*
- S94–S99 Model of Ice-Ice Control on Seaweed Farming Through Polyculture System with Introduction of Resistant Cultivar in Hundihuk Village
—*Donny Mercys Bessie, Umbu P. L. Dawa, Wilson L. Tisera, Hendrik Ndolu, Jusuf Aboladaka, Zet Ena and Nina J. Lapinangga*
- S100–S103 Study of Characteristics Cooked Salt Traditional in Rabasa Haeran Village of West Malaka District and Weoe Village of Wewiku District of Malaka, Indonesia
—*Mada M. Lakapu, Umbu P.L. Dawa, Sebastion Amaral, Donny M. Bessie*
- S104–S109 Sequence analysis of seaweed farming in Hundihuk Village, Rote-Ndao District
—*Donny Mercys Bessie, Umbu P. L. Dawa, Wilson L. Tisera, Hendrik Ndolu, Jusuf Aboladaka, Zet Ena and Nina J. Lapinangga*
- S110–S116 Different times of smoked traditional toward organoleptic value product of tuna se'i (smoked fish) during storage at room temperature
—*Welma Pesulima, Yunialdi Hapynes Teffu and Dewi Setiyowati Gadi*
- S117–S120 Study of Phenol Content and Total Acid Product of Se'i Tuna Using Gradual Smoking Method with Resting Interval
—*Umbu Paru Lowu Dawa, Ovie Ningsih, Dewi S. Gadi, Mbali Amah and Bernad J. Namuwali*
- S121–S125 The Diversity of Fish in Seagrass Beds and Bare Sand channel In Tablolong Waters, Kupang Regency
—*Yohanes Merryanto and Alfred G.O. Kase*
- S126–S130 The effect of local yeast formulation of coconut water as a starter in the process of making commercial bread
—*Regina I.M. BanoEt, Welfrid Ruku and Sonya Titin Nge*
- S131–S134 Ecotheology as a Basic Human Attitude to the Environment
—*Yuda and Jonathan*
- S135–S142 Growth and Yield of Tomato (*Lycopersicum esculantum* Mill.) as Influenced by the Combination of Liquid Organic Fertilizer Concentration and Branch Pruning
—*Lenny M. Mooy and Ali Hasan*
- S143–S149 Semiotic Meaning of Sumba Varieties Traditional Woven Cloths and a Sustainability of its Tribe
—*Magdalena Ngongo, Anggreini D.N. Rupidara and Magi Melia Tanggu Rame*
